The Freemasonic Reversal of the Jesuit-Zionist Order 1989-2025: Venezuela, Greenland and Somaliland

Масонский разворот иезуитско-сионистского ордена 1989-2025: Венесуэла, Гренландия и Сомалиленд

What follows is a series of excerpts from responses that I sent to different friends about topics, as diverse as those mentioned in the title, which can all be classified as related to the concerted efforts deployed in order to reverse and tear down the Jesuit-Zionist world order that was imposed across the Earth over the past 35 years.

Detail from the frontispiece to the 1667 Pyrotechnica Loyalana, Ignatian Fire-Works showing eight men, four dressed as Jesuits, surrounding a globe, throwing hand-grenades, with the implication that the Catholic Church in general and Jesuit's in particular were responsible for events such as the Great Fire of London

I. Europe, America and Freemasonry

There is no real opposition or difference between Europe and America. Simply, Trump wants to overthrow all the present regimes of England, France, Germany, Italy, Spain, Poland, etc. The opposition and the difference are between only the Freemasonic and the Jesuit-Zionist sides of the two lands (Europe and America).

If a French group of Napoleonic aspirations violently overthrows Macron and his useless parliament tomorrow, declaring a new French revolution, reinstating the ….. Terreur (like in 1793) against all religions, demolishing all mosques, prohibiting all Christian religious services, and killing or kicking out all Africans, Asiatics, Muslims, and Latin Americans from Europe, surely Trump will become the best friend and ally of the new French regime.
https://en.wikipedia.org/wiki/Reign_of_Terror

If you want to ask why I don’t also add «demolishing Christian churches» in the sentence of the previous paragraph, the answer is simple:

The Gothic style of cathedrals (which is the prevailing architectural rhythm of French churches) is NOT Christian; these edifices are anti-Christian temples and the naïve local believers of the Christian times (before 700 or 400 years) gullibly offered their spiritual force and faith to evil demons, because they disastrously mistook these buildings for Christian. Those deceived Christians were in fact victims of practices of Black Magic. The decorative members of those cathedrals are filled with gargoyles and other representations of Satanic beings that have been endlessly spewing anti-Christian curses and ignominious blasphemies of sexual order.
https://en.wikipedia.org/wiki/Gargoyle

When Jacques Chirac was saying that his preferred historical period was «le temps des cathédrales», he was simply saying that he was a Freemason and an anti-Christian.

(((La connexion entre "Chirac" et "Le Temps des cathédrales" fait référence à une série télévisée documentaire emblématique diffusée sur la chaîne Arte, qui explorait l'art médiéval, et durant laquelle Jacques Chirac, alors Premier ministre ou figure politique importante, était associé à ce thème, notamment à travers la figure de Jean-Louis Debré et l'intérêt pour le patrimoine, un sujet cher à Chirac et qui a marqué son époque, notamment avec la création d'ARTE.)))

So, the target of these decorative elements was far-reaching; the architects wanted those «churches» to become -at the end of time- real brothels in which all participants would unleash their malignancy in atrocious and execrable orgies which would be performed. Freemasons want to take extreme revenge over both, Papacy (i.e. the Jesuits) and Christianity (which is the true opposite of Papacy and the Anti-Christian Catholic Church).

The momentous 2019 arson of Notre Dame de Paris was a deliberate and meaningful anti-Freemasonic act performed by the Jesuits and the Zionists. These orders hated that edifice for its historic role in secretly preserving and supporting Freemasonic traditions and practices for many long centuries while 'innocently' appearing as a Christian church.

Do not think that Freemason Victor Hugo wrote his celebrated romance "Notre Dame de Paris" for nothing! This is considered as a monumental and outstanding sample of Freemasonic literature in which countless secrets and symbols have been embedded. It is not by mere coincidence that Esmeralda (in the homonymous movie: Gina Lollobrigida) dances outside the "cathedral"; public dance was prohibited in Christian times. Esmeralda is a symbol for Freemasonry (just like Isis).

So, in terms of Black Magic practices, destroying the gargoyles and the other designs, symbols and statues was tantamount to damaging the spiritual force of Freemasons, annulling Freemasonic operations and aspirations, and counseling the targets of their eschatology. II. There has never been an Axis of Resistance; it's a Jesuit lie!

Many friends wrote to me about the recent developments, asking for my opinion or sharing their own texts and publications, but I personally am not impressed by any event that took place during the last 20 days. I am only astonished with the ignorance, the naivety and the stupidity of the people worldwide.

Believing the so-called anti-systemic mass media in which every ignorant and idiotic parasite speaks against the person that his masters ordered him to denigrate, and accepting idiotic theories such as the so-called axis of resistance are tendencies that damage irreparably one's own mental faculties.
https://en.wikipedia.org/wiki/Axis_of_Resistance

All those, who speak against the «system», are its best supporters, because there is not one system, but three systems, which fight against one another. Had the ruling societies and orders been in agreement (or united), there would not have been the slightest war in the world. So, everyone, who speaks against the «West» without having first learned the main historical languages of the Western world and second studied the true, concealed and fabricated pseudo-History of this filthy and evil entity, is an idiot who serves only what he fights against: the «West».

Apart from that, I already told you everything in earlier emails before many months.

When Trump come to power in January 2017 (and definitely in January 2025), it was such a dramatic change as the shift of power from Nicholas II to Kerensky to Lenin. Trump in the White House in 2025 was the equivalent of Lenin in Peterhof Palace in 1917. Only people, who sense this very clearly, can understand what happens now.

The period from January 1989 to January 2025 (from George H. W. Bush to Joe Biden) was a contamination period for the US. No one can take what happened during this period at face value, but it will be totally outmaneuvered by the opponents of that situation, who are now in power again.

From 1989 to 2025, the US was invaded by the Satanic alliance of the Jesuits and the Zionists (this term does not designate the Jews, but those who present themselves as Jews); the country was ruled in a sick and evil manner — and more importantly against its very foundations. Even worse, through this change in the US (in 1989), the entire world was fashioned in a counterfeit manner and after a devilish agenda that is going now to be totally outmaneuvered.

III. «New World» vs. «Old World» is not America vs. Europe, but Freemasons against Jesuits

As you know, the US was instituted in the 1770s as a Freemasonic structure geared to terminate the «old world». In their texts and announcements, they were stating their intention very explicitly. But do not get confused! Their term has nothing to do with continents or peoples/nations! It has to do with the backstage societies and the secret orders that run or intend to run the world. In brief, the «old world» means the «Jesuits».

So, although he was a European, Napoleon was not at all part of the «old world». Alexander II of Russia and Abraham Lincoln were on same wavelength (as part of the «new world»); and the same is valid for Stalin and F. D. Roosevelt. It may eventually be proven true for Putin and Trump. The old world is epitomized by the Jesuits, i.e. the filthiest liars, forgers and criminals on Earth.

Taken in a summarized form, all the clashes and conflicts in Latin America have been Freemasonic-Jesuit disputes. Freemasons managed to control the local armies and that's why almost wherever in Latin America you had a dictatorship, you attested clashes with the local pseudo-Christian Catholic Church that must be erased from the surface of the Earth whereas Rome must become a desolate place where vultures will consume the last remaining carcasses of the bishops and the cardinals — exactly

as it has been prophesied in the Christian holy books. Today's Rome is «Babylon the Great, the Mother of the Harlots» of the Book of the Revelation.

Pinochet was a Freemason; that's why Margaret Thatcher supported him so strongly. Argentina is a country, which was customarily in the hands of the Jesuits; that's why although the English attack against that state for the Falklands / Malvinas so evidently breached the Dogma Monroe, Ronald Reagan and his Secretary of State Alexander Haig fervently supported England against Argentina.

They played a truly comical theater along with Mitterrand, who was also a Freemason as France had already sold Exocet missiles to Buenos Aires; according to the script, one boat sunk from this side, another boat sunk from the other side, and then the English got the islands back. All the people know this, but they fail to understand that, if Ronald Reagan had been assassinated in 1981, George H. W. Bush as a Jesuit would certainly oppose Thatcher's intention to launch a war and the Falklands today would be called Malvinas by everyone.

Now, the net of Jesuit pawns in Latin America is big, and Trump intends to eliminate them all. You perhaps forget that in 2019 through other tricks, Trump forced Evo Morales of Bolivia to resign (after 13 years in presidency). The Aymara Bolivian guy was also a Jesuit pawn, pretty much like Hugh Chavez, who preceded Maduro in the presidency of Venezuela, running the country for 11 years.

Do not believe the lies spread on the YT and elsewhere as per which Chaves, Morales and Maduro were in favor of the «weak» and the «poor» and that's why the «rich» o this world turned against them. That's a lie. Without the extremely strong and highly sophisticated support of the Jesuits and the Zionists, all these ignorant, idiotic, and filthy pawns would be totally unknown to you and me today. So, a part of the world's most criminal rulers, namely the pseudo-Christian Satanic Church of Rome, made of them what they were.

I told you already what to expect.

Forget the world that you have known from 1985 until 2025! What was done all these years will be undone. And what was not done will be done. I don't speak at the level of international affairs only. I refer also to the technological level. Forget internet as you have known it. There was a sort of internet in Freemasonic France as early as the 1980s. But it was not commercialized.

Freemasons do not want to make people stupid in the way the Jesuit-Zionist alliance intended and attempted; they will do it otherwise. You cannot take these orders -or secret societies if you prefer- as simple centers of power, backstage lobbies or groups of financial-political leverage; they are much more than that. They constitute real temples of esotericism, i.e. esoteric religions.

Sooner or later, a major event will take place (another «version» of 9/11 or something parallel) and because of this, they will shut down internet worldwide (with the exception o China and Russia, which are the only countries that can run the internet independently) and, when they will reopen it after some days or few weeks, there will be no YT, no Facebook, no Google, no Yahoo, no Wikipedia, and no blogs, etc. It

will be a total transformation. As a matter of fact, Freemasons hate Wikipedia, which is a Jesuit outfit or rather outpost.

Do not take anything for granted! My articles will disappear from the internet. Anyone's will! Study well what Minitel was as form of internet back in 1980s' France, and then mentally project it to tomorrow. https://en.wikipedia.org/wiki/Minitel

Now, why did Trump not launch the anti-Maduro enterprise last May? That's simple: an incredible explosion would take place inside the US army, as many high level officers would oppose this military undertaking
Why?
Simply, because they belonged to the Jesuits!

Do you remember the «strange» invitation and meeting that Defense Secretary Pete Hegseth had with hundreds of US generals?
https://www.war.gov/News/Transcripts/Transcript/Article/4318689/secretary-of-war-pete-hegseth-addresses-general-and-flag-officers-at-quantico-v/
It was not strange at all! It was well timed, after the early purges and before the subsequent purges. But it was around the end September 2025. The preparations had then started.

When was the decision taken?
This is a question that many people fail to correctly respond, because it is convenient for them to daydream — until they are killed like Gazan Palestinians.
Of course, on August 15th — in Alaska!
Still people do not understand that the world was divided in three zones back on that day.

Hundreds of millions of people watched the encounter but they did not understand what happened then; neither did they realize why the two Freemasons met on the 15th of August. Simply, because it is then that the Christian Feast of the Dormition of Virgin Mary (called 'Dormition of the Mother of God' by the Christians) takes place:
https://en.wikipedia.org/wiki/Dormition_of_the_Mother_of_God#1st%E2%80%935th_century

Well, what Virgin Mary is for Christians, Isis is for Freemasons.
https://en.wikipedia.org/wiki/Isis#Possible_influence_on_Christianity

This is as essential for Freemasons as Voltaire.
You have to go through this famous text by Voltaire in order to understand:
https://history.hanover.edu/texts/voltaire/volnatur.html

This modern scholarly article reveals also much:
The World We Have Lost
https://www.journals.uchicago.edu/doi/10.1086/529267

It is important because it shows exactly what the Freemasonic American and French revolutions were intended for; they were truly a «new world», but in reality they constituted an evocation of the Antique world, which was older than the «old world» and which they intended to reinstate, gradually eliminating the European and Asiatic empires, as well as their colonies. They wanted to reinstall «the world that

they had lost», and this was the omni-sexual, sick world of the Late Antiquity, in which most of the wealthy Roman citizens (irrespective of ethnic background) spent the days and the nights with music, banquets, silly philosophical discussions, and interminable sexual orgies where no one knew who was doing what to whom.

It was the evangelization of the anti-Christian, Freemasonic 15th of August meeting in Alaska. And that's why Trump applauded Putin when the Russian president was arriving: Russia had managed to stand intact, opposite the Jesuit cholera, until finally Trump managed to come to power. Had Putin collapsed at any moment between 2000 and 2016/2025, Trump would have never become president. And also: had Putin truly cared about Russia's genuine interests, the Russian army would have invaded Ukraine quite soon. But this would again prevent Trump from being reelected.

I told you in the past; Putin and Netanyahu, with their well-timed and enduring military operations, undertook and achieved the reelection of Trump. This was the task given to them and they executed it both without being sad for the Russian and Israeli soldiers who died in battle.

By the way, did you notice any major reaction from Moscow and Beijing about Maduro? Only Vasily Nebenzya, the Russian ambassador in the UN said some angry words — not even Lavrov! And that was all! Plus, few calm words uttered by Wang Yi, the Minister of Foreign Affairs of China.

Now, with the US navy gathered in the Caribbean Sea for some time, it was very clear to me that the Jesuit pawn's days were numbered. And when Lukashenko offered Maduro a nice villa in Belarus to relax, I said to myself: «Putin asked him to make the generous offer»!

I was rather thinking that the military operation against Maduro would take place when Trump and Netanyahu would be drinking champagne in New Year's Eve party, so that they enjoy some kind of spectacle, particularly now that Brigitte Bardot died and it would not be quite proper for the invitees to watch some scenes from the famous movie Shalako that I am sure you have watched.
https://www.dailymotion.com/video/x9o1ffe

But I was wrong.

Carrying out the military operation on the 3rd January was a meaningful act. It was the total revenge that Donald Trump took on the filthy Jesuit trash George H. W.

Bush (the father), who ordered a similar operation against Manuel Noriega of Panama (back in 1990; Noriega was arrested on the 3rd January). Details: https://en.wikipedia.org/wiki/Manuel_Noriega#Capture

Same day, but reverse situation: Noriega was a Freemason and that's why he asked shelter in the Nunciature to Panama, because back then Jean Paul II was a Freemason. But US soldiers devised a trick and he had to surrender.

Few months ago, I sent you a video with the interview of Hubert Védrine, who is a French Freemason and a very well experienced statesman. He was very clear and he is very right: «with Trump we live in another world».
Hubert Védrine: «Avec Trump, on a changé de monde» • RFI

IV. For Maduro's Kidnapping the Only Responsible is Maduro

Now, whose mistake Maduro's kidnapping was and on whom to put the blame are questions that are quite meaningless. This is so because such miserable people do not have any freedom of action or margin of maneuver; they are mere pawns of superior forces and secret societies that always control many people around a «newly elected» president. So, the discussion of the topic from now on has only theoretical value.

In fact, for anything that happens to anyone, he is personally responsible and the first to put the blame on. This is an eternal and unsurpassed rule with no exception, and only idiots try to put the blame on others, until the next, far worse adversity or disaster falls on them in order to eventually teach them that you can never put the blame on others.

Chavez and Maduro governed Venezuela like a disgrace; but their failure is theirs. When you are a bus driver, you have to «know» that you don't have the «right» to govern a country, because simply you are an idiot.

What is «idiocy»?
Idiocy is the situation in which you don't know, but you, because of your sick ego and your pathetic uselessness, think that you know.

There are no less than 8 million Venezuelans in the Diaspora. Any normal ruler would deploy incessant efforts to bring them back home and duly utilize them; but these silly, ignorant and pathetic presidents of Venezuela thought it possible to care about international affairs without first making of their country top of the mind brand for all the local populations. At the end, US-based Venezuelans became a tool against Venezuela in the hands of their own country's enemies.

- But who threw these US-based Venezuelans to the hands of every American administration and the CIA?
- Chavez and Maduro!

Venezuela is not Brazil and is not Mexico; when your country is a low rank state, you don't oppose major powers. When your country does not have a cutting edge

technological superiority, you do not enter into adventures. Go rather back to your old job and drive another bus instead!

For a country to sell its natural resources is not an achievement; it's a curse, which sooner or later will bring disaster and destruction. This is correct for Bolivia, for Venezuela and for many other countries, notably the pseudo-states of the Arabian Peninsula.

V. Greenland

I went through the link that you sent me, but to no avail! This is a nonsensical description produced only to retain the newspaper audience, to fool the readers, and to make naïve guys waste their time. There is no substance in it:
https://www.nytimes.com/2026/01/07/world/europe/trump-greenland-denmark-us-defense-pact.html

The entire issue is merely part of a forceful effort to tear down the Jesuit-controlled European regimes; all the other pretexts and excuses are worthless stories. There are no issues of national security (for the US) and no economic matters pertaining to the exploitation of Greenland's natural resources.

All the comical reactions of Europeans and others against Trump's deeds either in Venezuela or as regards Greenland do not change the facts. It has nothing to do with the person of the current US president. It is a new worldwide regime; a world order that tears down the inhuman cholera instituted by the worthless evil being George H. W. Bush back in 1989. Any other man in Trump's place within the same establishment would do the same.

The former head of the Finance Section of the French Secret Services, Alain Juillet, understood it correctly.
Pétrodollars, empire : quelle est la stratégie de Trump au Venezuela ? - Alain Juillet
https://www.youtube.com/watch?v=W7EjBq0t5IU

After acquiring Greenland, Trump will split, dismember and gradually annex Canada. He wants to turn the US into the largest country in the world.

The USSR covered approximately 22.4 million km2.
Now, Russia's area is around 17 million km2.
Canada's total area is ca. 9,984,670 km2.
The total area of the United States is 9,525,067 km2.
And Greenland makes a total of 2,166,086 km2.
https://en.wikipedia.org/wiki/List_of_countries_and_dependencies_by_area

So, merged into one country, they will total an area ca. 21.6 million km2.

This development only will allow them win the mid-term elections in November and the next presidential elections. It will be the final deletion of the Democrats from America.

Alain Juillet says about America what I said to my Somali friends about Israel and Somaliland.

Only fools think today that Israel's area is 20000 km2. In fact, it is ca. 200000 km2 (so larger than Syria's) because you have to calculate Somaliland's territory as land of Israel. This is how the Israelis calculate their land size now.

Their Amhara friends in Abyssinia (Fake Ethiopia), against whom I wrote repeatedly demanding the liberation of Oromos, Ogadenis, Sidamas, and others, as well as the reunification of Somalia, now rejoice!

They have not forgotten me! So, they send me (in my account on academia edu) insulting messages in their broken English. They intend to establish common borders with Israel in Sudan and Egypt — as per their «prophecies».

VI. Target: the Collapse of the Jesuit-Zionist Regimes of Europe

European-Russian relations will resume plainly and all sanctions will be lifted when the present Jesuit-backed European regimes collapse in riots, blood, revolutions and total extermination of the ruling elites.

Macron, Starmer, Merz, Tusk and all the other Jesuit pawns risk being lynched and their naked bodies may be dragged in the streets of their respective capitals before being thrown to the sewerage. This is how people like Donald Trump and Elon Musk want the end of all those guys to be. Elon Musk's accusations of England as a fascist state are not a mere figure of speech; they express feelings of deep hatred and an intention to ruin all those, who have linked themselves with the Satanic church of Vatican.

Do not misread me! Saying all this, I don't mean that Freemasons are innocent or good; not at all. But there are levels and levels of evilness and no one is more Satanic than Vatican, the pseudo-Christian Catholic Church, and their main force, namely the Jesuits. In spiritual terms, Jesuits, Freemasons and Zionists are linked to different hierarchies of evil spirits and demoniacal hypostases.

So, Greenland is meant to be only the beginning.

Canada will be tore up and then, «un beau matin», US Navy battleships will arrive happily in some of the many English and French islands that are located in geo-strategic locations in the Pacific, Indian and Atlantic oceans. It will be only due to the «need to protect the interests of the West»!!!!!

You asked me about Venezuela and Greenland and I already replied to you.

VII. Pseudo-state Somaliland: Israel's «Louisiana Purchase»

Now, this situation will certainly be exported to other parts of the world as well. The so-called Middle East and Northeastern Africa will soon be pulverized. Forget all the existing borders! They are like lines that a fool drew on the sand of the beach, and the wave came and made them all vanish soon.

Some Somali friends wrote to me about Somaliland. Idiots! They think they understand me, whereas they did not understand me at all – and for many long years. They will now pay for their foolishness during the last 35 years. They are so stupid that they cannot understand in which world they live. A Somali idiot on the Twitter wrote the silly idea, namely that Saudi Arabia will establish a naval base in Laasqoray!!! Stupid! https://en.wikipedia.org/wiki/Las_Khorey https://x.com/RealAbyan/status/2008227752000749865

This location is part of the eastern territory of the pseudo-state of Somaliland against which I wrote hundreds of articles back in the 2000s. But these stupid Somalis do not understand that not one country in the world will now dare to do such thing, i.e. establish a naval base in Laasqoray. Why?

Because since the day Israel recognized Somaliland, the borders that the government of Hargeisa considers as theirs are viewed by the present government of Israel as their own borders. This is the truth. Right, wrong, pleasant, unpleasant? The issues matter not. Truth is as it is. All the idiotic people, who accept as truth only whatever they like, are truly cursed by God. And Saudi Arabia certainly does not want a war with Israel for the beaches of Laasqoray! Muhammad bin Salman did not pay 500 billion US $ to Trump in investment for nothing, you know!

I want to say to those Somali idiots: «Gee you guys! Don't you see that most of the world's countries do not have an annual GDP at that level?»! It's half a trillion US$!

But they cannot understand that the only commodity that Muhammad bin Salman can buy with his money is time. He tries to save his country and make Trump support him in postponing indiscriminately Saudi Arabia's participation in the so-called Abraham Accords; he apparently said to Trump that, if he attempts to act or move now in this direction Trump and Netanyahu wanted him to, he surely will be immediately overthrown by his internal enemies. Apparently, they believe him for the time being.

So, all this money being spent in order to just avoid a mutual recognition with Israel, and in spite of this situation, people still imagine that Saudi Arabia will dare set up a naval base in Laasqoray! My goodness! Those idiotic guys must have totally empty heads.

They cannot grasp the momentous significance of the paramount development. And truly, the article that you sent me about the kidnapping (this is the correct term) of Maduro served only as smokescreen for the world mass media to conceal the major event, which is the Israeli «invasion» of Somaliland (this is the correct term).

The recognition of Somaliland by Israel is tantamount to the Louisiana Purchase (from Napoleon's France) for the US.

It offers the strategic depth that Israel needed in order to gradually undertake the dispersion of Sudan, Egypt, and Saudi Arabia. Over time, Israel and America will totally transform the shape of North Africa where new states will appear. And many Israeli commentators write about it already:

Foreign Minister Gideon Sa'ar lands in Somaliland in first Israeli visit since recognition
https://www.jpost.com/israel-news/article-882477

The Israeli occupation of Somaliland (another correct term to use) is indeed a far more important event; more specifically, it offers Israel tremendous leverage over the entire area between Eastern Mediterranean and the Indian Ocean.
1- It certainly helps Israeli military aviation attack Iran from different locations.
2- It evidently enables Israel to encircle Saudi Arabia at a time efforts are underway to generate a war between UAE, Qatar and Saudi Arabia.
3- It greatly empowers Israel to undertake the decomposition and dismemberment of Sudan and Egypt in full accordance with the plan of arranging common borders between the Satanic states of Israel and Amhara-led Abyssinia (Fake Ethiopia).

When in 2010 I published the article that you can find republished in the link below, the stupid elites and governments of Egypt and Sudan (not to mention the respective Yemenite, Eritrean and Somali authorities) were foolish enough not to contact me and not to consult ne on this matter. Apparently, they did not believe me; when they will disappear from the map of the Earth, they will; however, it may then be too late, for they shall probably be burning -as they truly deserve- in the eternal fire for the calamities they brought to the lands and the populations that they wanted to administer as a disgrace.
https://www.academia.edu/43630291/The_Nile_Egypt_Sudan_Menaced_by_Evil_Prophecy_Secret_Expansion_Plan_of_Abyssinia_Fake_Ethiopia_2010

When -in January 2023- I published five long articles, stating that only a special military alliance with China would ensure Egypt's survival, the stupid Egyptians thought that they knew better than me. Here you have the links:

So, all these ignorant, silly and pathetic rulers and governments will soon see their useless countries destroyed in a monstrous and unprecedented manner, and this is what they deserve. The idiots will be praying to have the fate of today's Gazans. Did you see the terrible circumstances these misfortunate people are now living in their inundated tents? Egypt will be inundated in far worse manner, after the High Dam of Aswan collapses — not by a nuclear bomb, but due to nano-nukes.

But for the terminal pulverization of Northern and Northeastern Africa by Israel, Somaliland is the beginning. And the Israelis know it. And they say it openly:
With Somaliland recognition, Israel shapes global reality instead of just reacting to it - opinion
https://www.jpost.com/opinion/article-882488

In the aforementioned title, pay attention to the verb: «shape»!

This author does not know the Abyssinian «prophecy» that Czar's envoy Bulatovich heard and recorded back in the 1890s, and I made it widely known in 2010, but he clearly understands the envergure (wingspan) of the groundbreaking project.

Of course, Saudi Arabia managed to eliminate the filthy UAE infiltration and presence in Hadhramaut and South Yemen, but when the Israeli military camp, which will be established in Somaliland, starts being fully functional, then all Saudi air defense systems will work like those of Venezuela during the US Maduro-kidnapping operation (which means the Riyadh authorities will face a black-out).

In addition, one has to certainly anticipate that, thanks to their military camp in Somaliland, the Israelis will comfortably -and quite 'convincingly' for the worthless and idiotic worldwide opinion that follows the criminal and inhuman mainstream media- identify as mere «Shabaab base» every single location where there are Turks in Somalia; it will then be truly too late.

And I don't mean that it will be late for Turkey, Iran, Egypt and Saudi Arabia. No one cares about these …. paper tigresses!

VIII. Israelis and Americans target mainly China

Saying that it will soon be too late, I am also referring to China and their ambitions to play the role of the worldwide superpower. Then, the only means for them to prevail worldwide will be an aggressive nuclear option, because the US-Israel intention is to cut Beijing off the northern, western, and southern parts of Asia.

Do you remember that once Netanyahu showed a stupid map and spoke about the new «silk road» alternative from India through Saudi Arabia, Israel, Egypt, Cyprus, and Greece to Europe?

He did not mean the present states of Saudi Arabia and Egypt, but those which will emerge following modifications that he and many others intend to bring forth.

But the overall concept is basically against one country's interests: China's.

All will pay for their stupidity and the Chinese for theirs.

As a matter of fact, it is extremely idiotic to believe that «in peace» you will take revenge for the «Opium Wars», when you face enemies, who shaped the entire world over the past 550-575 years, utterly believing that all the other nations had to be defined as per their own, fallacious, Western (anti-Christian) story.

Only fools believe that in 2026 the major powers in the world are the 5 permanent members of the UNSC!

In fact, the world's most powerful states are: US, Israel, Russia, China and India.

I still remember our earlier conversations; you were wrong in disliking the Indian Prime Minister Narendra Modi; Subrahmanyam Jaishankar is indeed a far more knowledgeable, more intelligent, and more dangerous person; his absurd theory of multi-alignment turns Delhi into a neutral nonsense. This will be disastrous for India first. In today's world, being neutral means that you are fully manipulated without understanding it. Turkmenistan has been fooled to choose total neutrality as foreign policy; that's disastrous for Ashgabat. Similarly, by fooling Putin and by befriending Russia around the Ukraine issue, Trump, Netanyahu and their teams try to detach Moscow from Beijing and reduce Russia too into a neutral status. This already heralds a US-Israel victory over China.

IX. The Forthcoming Rise of a Counterfeit Roman Empire

But Iran will be attacked first — not in a terminal attack; it is clear that the Israelis and the Americans do not want the Iranian regime to collapse instantly. They are afraid of the potential chain of uncontrolled reactions that an event of so great dimensions can potentially generate. Actually, knowing that there are also Jesuit plans about eventual changes in Iran, Trump and Netanyahu do not want to make a stupid act, which would play into the Jesuit game about Iran.

In any case, you can study the map of the Roman Empire under Trajan to understand what Trump, Putin, Orban, Netanyahu and others intend to fabricate around the Mediterranean! Merely add Germany, Poland, Scandinavia, and some countries west of Ukraine which will return to Russia!
https://commons.wikimedia.org/wiki/File:Roman_Empire_Trajan_117AD.png

This is the eschatological Freemasonic plan for the re-establishment of the Roman Empire (according to their opinion and terms) with Jerusalem as capital—center of world homosexuality. For me, this is a counterfeit Roman Empire that will end in unprecedented bloodshed.

By the way, Trajan was either sleeping or fighting or enjoying sex with his young lover, the effete boy that followed him everywhere.

There are plenty of ancient texts testifying to this fact.

That's why it is silly for anyone to believe that Trump is a Christian and Netanyahu a Jew; they are the worst enemies of Christianity and Judaism respectively. One day, Netanyahu's religious-Zionist partners will regret it, but it will be too late for them then.

X. The Jesuit-Zionist alliance will counter-attack

Of course, you will tell me that the Jesuits and their Zionist allies will react. Right! One must be sure about that. They already do; there is an ongoing ferocious war inside Israel, as the President, the Justices, the Attorney General, and all the opposition parties joined forces to oust Netanyahu as soon as they can.

But there will be elections in October in Israel and, if Netanyahu is not fully incapacitated until then (condemned in the trial or overthrown), he will manage to win (particularly after an even small victory over Iran, an event that will be superbly staged-managed purposefully). The Rothschild family and associates have already spent much money against Netanyahu, but there is little time left. However, I would say that they still have the upper hand, since they control the President.

Also, at the international level, the Jesuits will not remain inactive as long as Trump outmaneuvers elements and parts of the world that they struggled to set up since 1989. But they will react after their own methods and systems. And they can prevent many developments, which they know that Trump intends to trigger. How about a new pandemic?

All the same, they intend to avoid a worldwide financial collapse because of its enormous collateral damages. So, they will think twice before launching another pandemic...

However, if Trump, Putin and Netanyahu manage to overthrow the European regimes, the Jesuits will certainly generate a major crisis in China. Then, they will forcefully launch their secret project, namely China's Christianization. Do not be surprised! Jesuits fooled the Ottomans, the Safavid Iranians, and -even worse- the Great Mughal Emperors of Hindustan, and they managed to set up a basis in Tibet as early as the 1600s!

A Jesuit-controlled Christian China will become instantly the worst enemy of a Freemasonic Europe-reestablished/counterfeit Roman Empire; but until then many destructions will take place because today's faithless humans instinctively bring them onto their own empty heads.

XI. Somalis, Oromos, Africans, Muslims, Asiatics have no Place in the West

Meanwhile, Trump and Vance will find all types of tricks to kick many millions of people out of the US. This will certainly be a success for them, because it will enable them to win in the forthcoming House of Representatives elections in November. There is a US social medium named GETTR. I have an account there: https://gettr.com/user/megalommatis

It helps me monitor the propaganda launched by Trump's and Vance's staffers who demand the de-naturalization and even the deportation of the US congresswoman Ilhan Omar, who is a Somali national born in Mogadishu. So, there is a strong pressure being built in this regard.

As a convinced supporter of the Somali Cause, I have to denounce that lady's effort to be elected in her non-country, i.e. America. Her attempt to «correct» America is tantamount to someone's silly effort to bring Satan to senses! You cannot «rectify» Satan; and you will not. The same is valid for the Anglo-Saxon societies; they are incurable and lawless realms. You cannot possibly believe that you remain intact and innocent by living there.

All ignorant, idiotic, and criminal imams and sheikhs, who supposedly preach fervently and want passionately to propagate their fake «islam» in UK, Canada, Australia, New Zealand, USA, France, Holland, and Belgium are pathetic beings that will burn in the eternal fire of the Hell. The Western people will never become Muslim; their only chance is to reject their fake, Catholic or Protestant, Christianity and their pseudo-god and to accept Russian Orthodoxy, Miaphysitic Syriac or Coptic Christianity, and eventually Nestorianism. But they must search for it and no one should propagate it to them. Religion is one person's or nation's path to God.

Actually, most of the Anglo-Saxon converts to Islam and/or to Orthodox Christianity are CIA and MI6 operatives. They do not give a damn for whatever faith; they want only to remain incestuous, lawless and faithless.

Currently, various supporters of Donald Trump give burning speeches to denounce the «fact» that Texas undergoes an Islamic invasion, etc. Other guys denounce a political opponent, who «is talking about bringing in Minnesota's National Guard against ICE and federal officials! That is inciting civil war»!! So, that guy is for them «an insurrectionist»!!

The only conclusion is something that I told you long ago. Muslims have to leave Western Europe and America at once; they must promptly return to their countries of origin. Anyone who wants to make Muslims further stay in the West is guilty for their forthcoming extermination. How will they be massacred? In worse method than what applied to Gaza Palestinians.

Even Muslims born in Germany, France, England and elsewhere in the Western world have to immediately pack and go back to the land of their parents. It is better to be a rubbish collector in Mogadishu than a dead corpse in Minnesota or London or elsewhere. The only alternative that Muslims have in the West is to
-either become Christian (like my London-based Somali friend whose email I forwarded to you few months ago), which means that they will be persecuted at a later stage (like all the remaining true Christian believers in the Western world),
-or disastrously be lost in immorality, homosexuality, lesbianism, transgenderism, and all other forms of sinful life. But these so-called alternatives are evidently unnecessary or inacceptable and calamitous; no one wants to experience them.

You certainly understand that I don't speak about lands with historical Muslim populations in the Balkans and in Easter Europe. They are at home there; but all the populations that were recently brought to lands that had no Muslim populations over the past 500 years must leave at once.

XII. In today's World, Survival means Total De-Westernization

When major countries attempt to morally, spiritually, mentally, sentimentally, behaviorally and culturally corrupt your population, then you cannot maintain relations with them at any level and in addition, you have to systematically build your national moral standards. If the USSR failed in this serious issue, Venezuela could certainly not mark a success.

All the same, when a state isolates its population from the rest of the world (after the example of USSR or North Korea), it is truly essential for that state to denigrate the absurd, abnormal and nefarious foundation on which the rest of the world (or if you prefer the «Western world») stands, namely «Money». In any country in the world today, if the local people do not grow with ideas and principles according to which money is evil, material prosperity is inhuman, and self-indulgence is impermissible because it brings total disaster, this misfortunate country will inevitably be sooner or later corrupted and destroyed irrespective of culture, faith, tradition, education and governance.

This is why the USSR failed: Soviet people wanted a materially better way of life, after getting exposed to silly Western movies and TV programs which confused the viewers, making them believe that the average people in America lived in the way only the US elites do.

The inhabitant of a well governed state rejects material benefits for moral standards, wealth for wisdom, and desire for faith. In brief, the population of a country can be healthy only when people live like soldiers eating little and being -all- thin. The obesity of the people is the danger of all the governments: it means that the people are so corrupted that, even with silly and fake promises, they can be bought up by practically speaking any enemy.

In addition, it was the mistake of the Venezuelan presidents that they did not attempt to integrate their country in a vast bilingual (Spanish-Portuguese) state that would encompass all countries from Mexico to Argentina and Chile and simply terminate every relation with US, France, Spain, Portugal, England and Holland, thus decolonizing and de-Westernizing the entire continent.

And it was the mistake of the Chinese to think that China could ever achieve worldwide prevalence peacefully. Same for Russia! Had they been serious, Caracas and Venezuela would have had the same defense systems as Moscow and Beijing.

Even worse, Moscow and Beijing fail to understand the worldwide nuclear game; the only winner in this game is by definition the country that uses nuclear weapons first. Russia and China should have not only set up military bases with nuclear arms in Venezuela, but decisively used them to defend Caracas.

The only way to win a nuclear war is to feel free to do whatever you want and to be ready to deliver the first hit without any restrain, remorse, doubt or tergiversation, whenever it may please you — anytime, anywhere and under any circumstances whatsoever. Otherwise you will lose.

Except you possess superior arms that can disperse any nuclear arm in no time; they exist too.
